# It's Not the Gear You Got, its the Gear That Matters!

## Buy Gear Here! Telescoping Truck Step

We would like to highlight our first product that has paved the way for the others.  
Introducing the X-Tend-A-Step®, the First and Only Telescoping Truck Step.

The X-Tend-A-Step® is a patented Heavy Duty 18"x4" truck step! The easiest way into the bed of a truck/SUV, Hands down! The X-Tend-A-Step® stores in your receiver and sports a full brake light system below your bumper. When you need to climb into the back of the truck, it then easily telescopes beyond the tail gate so that you can stair step into the bed of a truck/SUV when the tailgate is down. When not in use it simply collapses right back into the hitch receiver. Is that not the **ULTIMATE TAIL GATE accessory!** We also provide you our patented theft deterrent lock assembly so that you can **Keep Your Gear!** (Check Vehicle Make/Model below).

### X-Tend-A-Step®

Available in 3 Models!!!

## Safe Gear Here! Vehicle Sensor Systems

Ever wish you had eyes in the back of your car? We got the answer for that! The **Go-Safe® Sensors** provide you the confidence to reverse your vehicle safely. Our technology can identify objects that are not visible to the driver. Thus identifying objects, people, and animals even docking ramps! In addition a **distance indicator display** inside your vehicle supplies you the approximate feet/inches that an object is away from your bumper! That's not it! There is also an **audible tone** inside your vehicle alerting you of proximity by tone.

The **Go-Safe® Sensor System** protects your vehicle and provides a piece of mind when reversing. The **Go-Safe® Sensor System** uses ultrasound sensors to provide a field of coverage equal to the width of a vehicle and back a distance of 8 feet from the unit. The Go-Safe® Sensor System can be installed & reinstalled on any vehicle.

**GSS-FF Full Frame License Plate**
