

AES Raptor Safety Gator™

AES Raptor is pleased to introduce our new line of

Steep-Slope Roofing Safety Equipment

"You have never seen anything like this before!!!"

The **SAFETY GATOR™** is our newest in a full line of Mobile Fall Protection Safety Equipment. Please visit our website at www.raptorsafety.com and take a look at all our products. But from a *Steep Slope Roofing* standpoint, please check out the **SAFETY GATOR**. It's the first of its kind, and is built by a company that has been serving the roofing and architectural sheet metal industry for over **40 years**.
